

Advanced Blended Learning

Participants discover how aspects of the evaluation tool T-TESS Domains and Dimensions can be applied to blended learning. They rethink traditional teaching approaches, collaborate with peers, and deepen their knowledge of blended learning practices. This is a project-based course with a focus on personalized work products.

DETAILS

30 CPE credits

Length: 12 weeks

Format: Asynchronous with opportunities for virtual collaboration

COST

\$1,200 per participant

Course fees qualify for reimbursement by the Texas Education Agency upon completion. Group discounts available.

Prerequisite: Completion of the Foundations of Blended Learning course or evidence of robust implementation of blended learning.

COURSE MODULES

- Planning for a Blended Learning Environment
- Implementing Blended Instruction
- Supporting and Managing a Blended Learning Environment
- Professional Practice and Responsibilities

SUPPORT ELEMENTS

- Access to a success coach to monitor progress and answer questions
