

Blended Learning Instructional Coaching

Take blended learning implementation to the next level with individualized instructional coaching from an experienced UTeach PD coach. Each virtual coaching cycle combines goal setting, classroom observation, personalized feedback, and reflection to help educators strengthen their blended learning practice and identify meaningful next steps for growth.

DESIGNED FOR

- Teachers implementing blended learning
- Instructional coaches supporting classroom implementation
- Campus and district leaders seeking individualized support for select educators

FLEXIBLE COACHING OPTIONS

1 Coaching Cycle | \$600

Targeted support for an individual instructional goal

3 Coaching Cycles | \$1,650

Ongoing coaching and opportunities to apply feedback over time

5 Coaching Cycles | \$2,500

Extended support for deeper implementation and continued instructional growth

EACH COACHING CYCLE INCLUDES

30-Minute Pre-Conference

Collaborate with a UTeach PD coach to identify an instructional goal and determine a focus for the classroom observation.

45-Minute Recorded Classroom Observation

Teachers submit a recorded classroom lesson, allowing the coach to observe blended learning strategies in an authentic instructional setting.

Personalized Written Feedback

Receive targeted, actionable feedback aligned to the teacher's goals and observed classroom practice.

30-Minute Post-Conference

Reflect on the lesson, discuss feedback, celebrate progress, and identify practical next steps for continued growth.

**Approved for reimbursement by the Texas Education Agency for eligible Texas school districts.*
