Personalized Blended Learning
★★★★★

DEVELOPMENT

Personalized Blended Learning

Personalized Blended Learning revisits skills that have been explored throughout the UTeach Blended Learning series and provides ideas for enhanced implementation. Participants will experience personalized blended models, create their own examples, and capture implementation of the lessons in action.

DETAILS

20 CPE credits
Length: 12 Weeks
Format: Asynchronous with opportunities for virtual collaboration
Prerequisite: Foundations of Blended Learning

COST

$1,000 per participant
Course fees qualify for reimbursement by the Texas Education Agency upon completion.

COURSE MODULES

- Integrating HQIM and Adaptive Learning Software into Blended Learning Models
- Using Assessment, Data, and Feedback in Blended Learning Classrooms
- Supporting Self-Paced Learning in Blended Classrooms

SUPPORT ELEMENTS

- Access to a success coach to monitor progress and answer questions
- Personalized and prompt feedback on all work products
- Online collaboration with highly skilled blended learning facilitators and other blended learning educators across the state
- Templates, checklists, exemplars, and other resources to guide the work of a blended learning teacher
